QUALITY POLICY

QUALITY POLICY

SPORT & EVENTS LOGISTICS Srl - Benefit Corporation defines, implements and maintains a quality policy appropriate to the purposes and context of the company. This policy supports the company's strategic guidelines and constitutes a reference framework for defining objectives. The quality policy is inspired by the following principles:

- guarantee the satisfaction of the stakeholders' expectations regarding the company's ability to offer high quality products/services;
- ensure compliance with international laws and standards on product/service quality applicable to its field of activity (with particular attention to the ISO9001 standard);
- ensure compliance with the customer's technical and qualitative requirements relating to the product/service provided;
- guarantee an effective/efficient management of business processes capable to ensure the quality of products/services in optimal working conditions;
- commit to promote the development of a corporate culture of quality and continuous improvement based on the qualification and active involvement of operating personnel;
- commit to implement a quality management system able to provide constant measurement (KPI) and to support continuous improvement of the organization and processes' performance.
